**TO WHOMSOEVER IT MAY CONCERN**

As a part of the Employee Safety initiative, we at HP decided to train all our cab drivers on the First aid and Emergency management. We approached ALERT, a NGO for imparting this valuable training to our employees.

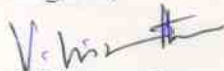

The audience comprised of cab drivers, Escorts and in addition our Employees who are manning the cab operations at our office premises held on Saturday 11<sup>th</sup> October 2008.

We found the program so very educative, interactive and engrossing, that the cab drivers, in spite of their night shift were extremely participative until the end of the program.

The principles taught were simple and could be applied in our day to day life. The cab drivers have expressed their interests to have more of such ongoing trainings.

We at HP would like to thank "ALERT" and wish them all the very best in this noble mission of creating awareness through training to the society.

Regards,

  
V Viswanathan
